

Comme toi par moments  
 j'aimerais être  
 plus déprimé ce jour  
 je n'ai qu'un seul  
 et unique regret.

forget.

In the heat of a summer  
 night in relevant memory,  
 a simple question led a  
 then innocent ~~down~~ down a  
 road he will never remember  
 nor

or a  
 fresh

I feel  
 lifted!

Present. A victory lap for  
 our self success. Although  
 The Break has carved deep,  
 High Hopes enlighten my  
 future. Each album, a lesson  
 Songs with little meaning to  
 the holy. Songs with taboo  
 truths to the Wicked!

did know some  
 songs from their earlier  
 works and enjoyed it plenty.  
 It was the most enjoyment  
 he could've had without  
 taking his clothes off.  
 Sinner.  
 Album foreshadowing a painful  
 Break.

Pause  
 the  
 lights!

Nicotine

Lessons in life can be found  
 here. Like a gospel for the hopeless.  
 I seldom visit this grey  
 work. Like life, you must  
 give this work color!  
 It is like a coloring book  
 YOU have to finish.

Does she know  
 my destiny lies  
 with her?

When the moon  
 fell in love with  
 the sun  
 With downs come ups like  
 the sun and moon. Blooming  
 individuality reminiscent of  
 The Beatles solo careers.  
 Calming me down while raising  
 him up. It's amazing how  
 two opposites can meet. Tell  
 that story.

I was in a transitional period.  
 Nothing made sense; but even  
 a hectic hurricane can have  
 buried beauties. A song so  
 beautiful in fact, I sing it to  
 my hopeful future gf in hopes  
 that she smiles. I return to  
 this album for comfort. Chaos  
 coincides with perpetual peace.
